# Ecological packaging with **BENEFITS** for everyone

**We develop the *ecofriendly* packaging** that your brand needs.

We give the planet a break by taking care of the environment.

Reduce your company's carbon footprint and reduce CO2 emissions into the environment.

We reduce the consumption of petroleum products.

**Everything with EcoWare!**  
From development, processing and final delivery of the product.

Access environmental certifications by using **ecofriendly** packaging

100% Mexican product.

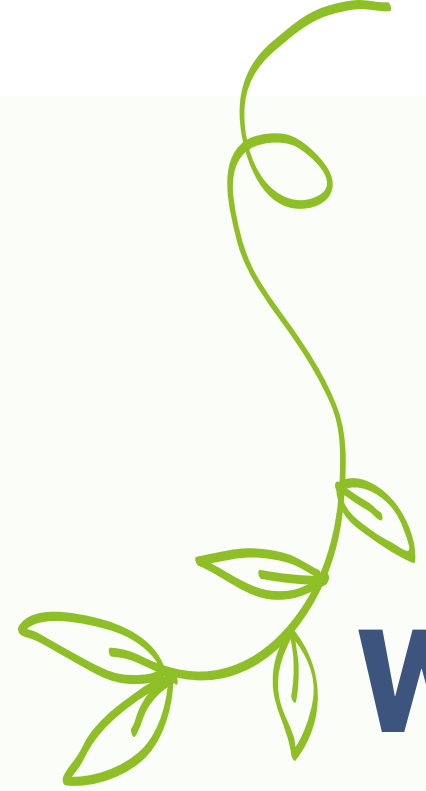

Get a premium finish on your sustainable packaging.

If you wish, your packaging can be biodegradable.

# We are interested in the planet, is your brand too?

With each ton of our patented **Polyagave®** raw material we achieve:

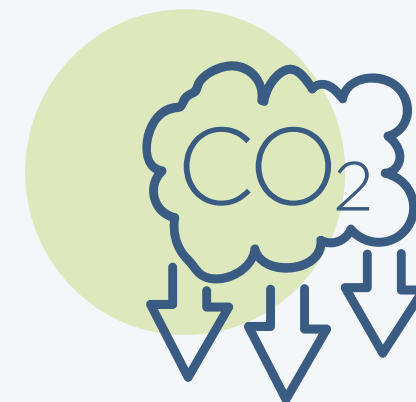

Innovation is fundamental for us, which is why we have a team of engineers and scientists dedicated to developing new products from agave waste.

Reuse more than 3,000 kg of agave byproducts.

Reduce consumption of almost 150 liters of oil.

Avoid the emission of 450 kg of CO<sub>2</sub> into the environment.

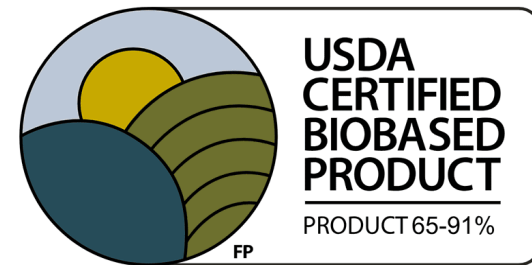

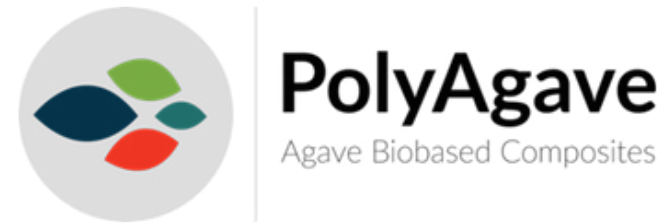

Promote the circular economy.

Replace a large part of fossil fuels with natural fibers.

# Certifications:

Polyagave is a biobased bioplastic resin made partially with agave fibers and, in some cases, biodegradation agents.

It counts with the "USDA biobased" certificate, which proves the organic content (from plants) of the compound.

The certificate of biodegradation verifies that the product will degrade abiotically in the presence of oxygen.

This degradation has been TESTED IN ACCORDANCE with the requirements of BSI-8472 and ASTM6954-04 through ASTM5510.

The ability to comply with the requirements of biotic tests (biodegradation) ASTM6954-01, has been demonstrated by the molecular weight loss-achieved after the biotic thermal degradation, resulting in the final biodegradation of the material in CO<sub>2</sub>, water, mineral salts and biomass.

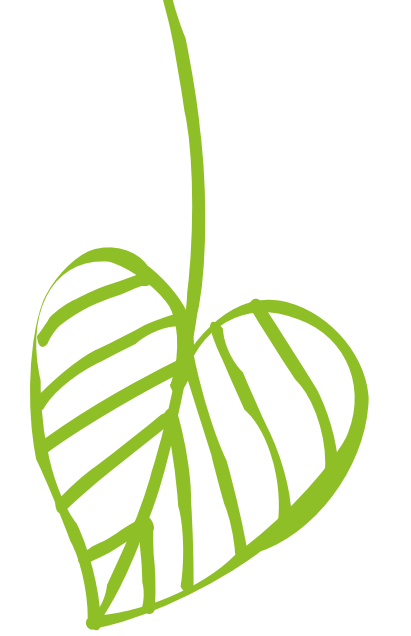

# Biobased Technology

We actively participate in the Circular Economy, by offering our customers products created from agave waste resulting from tequila production.

Regardless of the main material, you can be sure that all our products have helped make our planet a good place to live.

We do not use products that serve as food for someone else, nor that have been grown solely for us, but rather we help ensure optimal disposal of agro-industrial waste from the tequila industry, using its agave fiber waste.

***If we use it we help the planet and give it a second life!***

Line products:

## Multipurpose bowls

### Oval bowl

Multipurpose oval bowl with smooth body and visible fibers.

1 ink printed logo.

**Measurements:** 7" x 2.3" x 4.7"

### Round bowl

Multipurpose round bowl with smooth body and visible fibers.

1 ink printed logo.

**Measurements:** 7.4" diam x 3.5".

Line products:

## Snack plate and sauce container

### Floral snack bowl

Bowl with a 6 petals flower shape with smooth body and visible fibers.

Logo printed in 1 ink.

**Measurements:** 11.8" diam.

### Round salsa bowl

Circular sauce dish with a smooth body and visible fibers.

1 ink printed logo.

**Measurements:** 4.7" diam x 2".

Line products:

## Promotional snack bowls

### Soccer snack bowl

Snack bowl with soccer ball shape.

1 ink printed logo.

**Measurements:** 10.2".

### Football snack bowl

Snack bowl with football shape.

1 ink printed logo.

**Measurements:** 12.2" x 9".

### Hexagonal mini bowl

Mini sack bowl with hexagonal shape and visible fibers.

1 ink printed logo.

**Measurements:** 3.9" x 3.9"

Line products:

## Plate and cutting board

### Premium plate

Extended plate made of bioplastic with round corners.

1 ink printed logo.

**Measurements:** 10.2" x 10.2".

### Cutting board

Useful cutting board for food with modern design, smooth body and visible fibers.

1 ink printed logo.

**Measurements:** 9.25" x 13.3".

Line products:

## Cookware

### Cookware

3 cookware kit made with bioplastic with visible fibers.

1 ink printed logo.

**Measurements:** 12.2" each.

### Salad utensils

Kit with a spoon and fork.

Includes ink printed logo or engraving.

**Measurements:** 11.4" each.

Line products:

## Sandwich container and cutlery set

### Sandwich container

With translucent body  
and solid lid.

1 ink printed logo.

**Measurements: 7" x 7".**

### Cutlery set

Cutlery set with case that includes:  
fork, spoon and knife.

1 ink printed logo

**Measurements: 7".**

Line products:

## Rectangular hermetics

### Food container

Rectangular container with 2 sided clip type locks on the lid.

1 ink printed logo

**Measurements:** 7.8" x 1.5" x 5.5"

### Premium container

Container with lid made with bioplastic and visible fibers.

High relief logo on the lid.

**Measures:** 8.6" x 1.5" x 5.3".

Line products:

## Cereal containers

### Small container

Round cereal container with solid lid and visible fibers.

1 ink printed logo.

**Capacity:** 30 oz.

### Big container

Round cereal container with solid lid and visible fibers.

1 ink printed logo.

**Capacity:** 60 oz.

Line products:

## Twist containers

### Small twist container

Multipurpose container with bioplastic body and solid color lid.

1 ink printed logo.

**Capacity:** 17oz.

KIT 2 PIECES  
IN MESH

### Big twist container

Multipurpose container with bioplastic body and solid color lid.

1 ink printed logo.

**Capacity:** 30oz.

Line products:

## 2 oz tasting cups

### Thick wall cup

Cup made in polyagave with semi conical design.

1 ink printed logo.

**Capacity:** 2 oz.

### Conical cup

Cup made in polyagave with conical design.

1 ink printed logo.

**Capacity:** 2 oz.

### Curved cup

Cup made in polyagave with curved design.

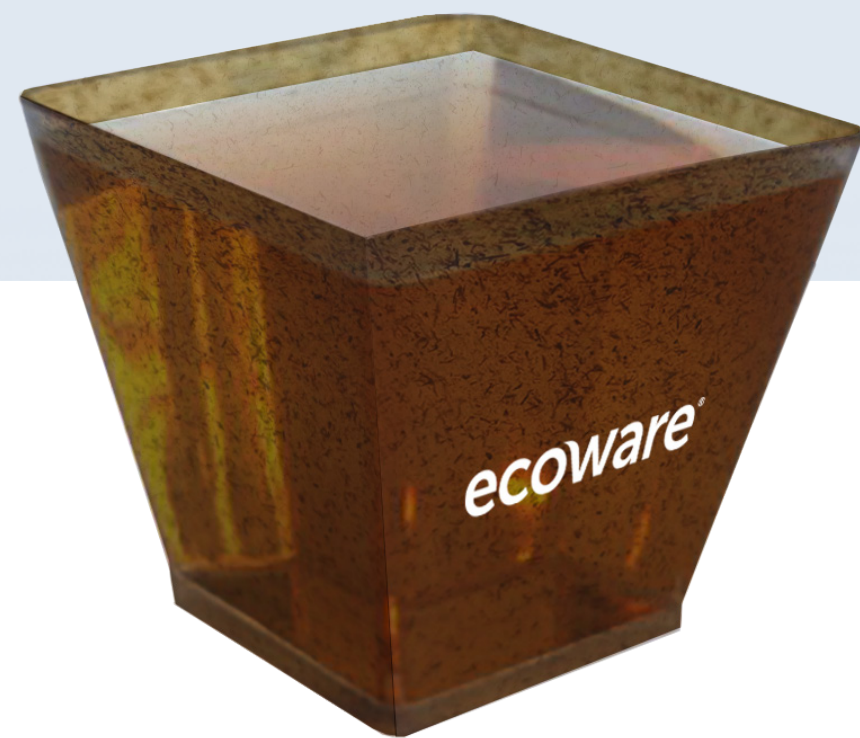

1 ink printed logo.

**Capacity:** 2 oz.

Line products:

## 2 oz tasting cups

### Pyramid cup

Cup made in polyagave with design.

1 ink printed logo.

**Capacity:** 2 oz.

### Straight cup

Cup made in polyagave with straight design.

1 ink printed logo.

**Capacity:** 2 oz.

Line products:

## 3.5, 4 and 5 oz tasting cups

### Mini taster cup

Ejemplo  
KIT 3 PIEZAS

Mini cup made in biopolypropylene with visible fibers.

1 ink printed logo.

**Capacity:** 3.5 oz.

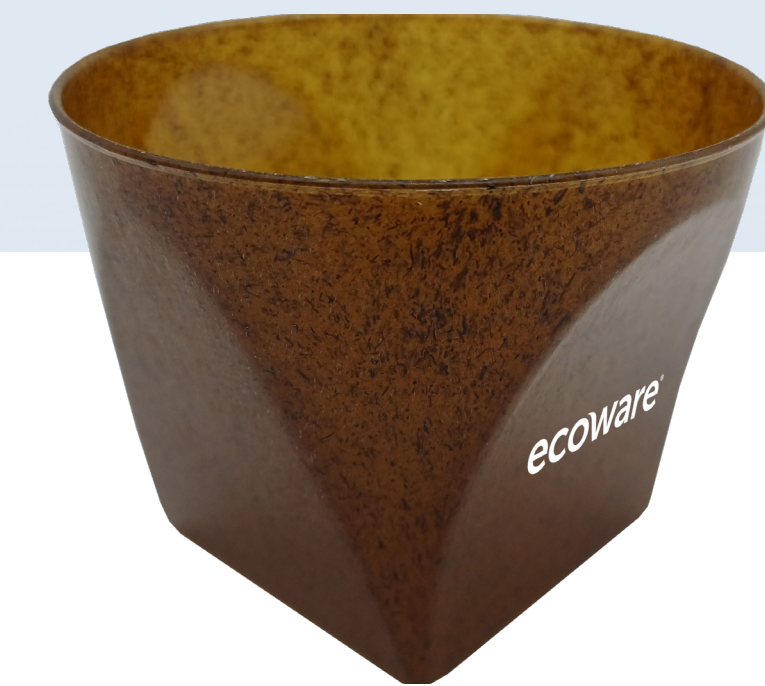

### Small taster cup

Small cup made in biopolypropylene with visible fibers.

1 ink printed logo.

**Capacity:** 5 oz.

### Round square cup

Cup made of biopolypropylene square base clarified and round surface.

1 ink printed logo.

**Capacity:** 4 oz

Line products:

## 4, 5 and 6 oz tasting cups

### Fashion cup

Cup made in clear biopolypropylene with conical design.

1 ink printed logo.

**Capacity:** 6 oz.

### Octagonal cup

Cup made in clear biopolypropylene with octagonal design.

1 ink printed logo.

**Capacity:** 5 oz.

### Bold cup

Cup made in clear biopolypropylene with round design.

1 ink printed logo.

**Capacity:** 4 oz.

Line products:

## 4 and 6 oz tasting cups

### Square base cup

Cup made in clear biopolypropylene with square base.

1 ink printed logo.

**Capacity:** 4 oz.

### Recon cup

Cup made in clear biopolypropylene with narrow base.

1 ink printed logo.

**Capacity:** 4 oz.

### Medium taster cup

Medium cup made in biopolypropylene with visible fibers.

1 ink printed logo.

**Capacity:** 6 oz.

Line products:

## Inmold cups

### Clear option

Promotional cup made with bioplastic and inmold transparent label.

**Capacities:**  
8, 12, 16, 22 y 32 oz.

KIT IN  
BOX

### CAPACITIES

Applies to clear and orange peel:

### Orange peel option

Promotional cup made with bioplastic and inmold full color orange peel label.

**Capacities:**  
8, 12, 16, 22 y 32 oz.

Line products:

## Thick wall cups

**Party cup**

Thick walled cup with body in biopolypropylene with visible fibers and white inside.

1 ink printed logo.

**Capacity:** 16 oz.

**KIT OF  
4 PIECES**

**Premium cup**

Smooth body glass and double textured tapered and visible natural fibers.

1 ink printed logo.

**Capacity:** 24oz.

**EXAMPLES  
OF KITS**

Line products:

## Promotional cups

### Promotional cup

Thin walled cup with 360° printing and visible fibers in body.

1 ink printed art.

**Capacity:** 12 oz.

### Premium cup

Smooth body cup conical with fibers naturally visible.

1 ink printed logo.

**Capacity:** 13 oz.

### Cup with lid and straw

Promotional cup with lid and straw, fibers visible throughout the body.

1 ink printed logo.

**Capacity:** 16 oz.

Line products:

## Coffee cups

### Coffee cup

Smooth body cup conical, easy-remove lid and visible fibers.

1 ink printed logo.

**Capacity:** 17 oz.

### Coffee cup with grid

Smooth cup with a conical body, non-slip grip and visible fibers.

1 ink printed logo.

**Capacity:** 17 oz.

Line products:

## Tequila shot ans shaker

### Tequila shot

Tequila shot with thick wall and visible fibers.

1 ink printed logo.

**Capacity:** 2 oz.

### Shaker

Shaker cup with cap and plug, with visible fibers and the option to be clarified.

1 ink printed logo.

**Capacity:** 24 oz.

Line products:

## Promotional ice buckets

### Rounded ice bucket

Ice bucket without handles made of bioplastic and visible fibers.

1 ink printed logo.

**Capacity:** 60 oz.

### Ice bucket with handles

Ice bucket with handles made of bioplastic and visible fibers.

1 ink printed logo.

**Capacity:** 60 oz.

### Conic ice bucket

Conical and smooth body ice bucket with visible fibers.

1 ink printed logo.

**Capacity:** 40 oz.

Line products:

## Square ice buckets

### Square ice bucket

Square ice bucket with handles made of bioplastic and visible fibers.

1 ink printed logo.

**Capacity:** 60 oz.

### Rectangular ice bucket

Rectangular ice bucket made of bioplastic and visible fibers.

1 ink printed logo.

**Capacity:** 67.6 oz.

### Rigid cooler

Premium bio cooler thick wall in 2 color combination.

Engraved logo (insert).

**Capacity:** 18 cans (12 qt).

Line products:

## Plastic pots

### Small pot

Pot made of translucent polyagave with visible fibers.

1 ink printed logo.

**Measures:** 6.4" diam x 5.5".

### Big pot

Pot made of translucent polyagave with visible fibers.

1 ink printed logo.

**Measures:** 11" diam x 8.8".

### Coloured pots

Conical pots with design double diameter and smooth body.

1 ink printed logo.

**Measures:** 6.1" diam x 6.1".

Line products:

## Envases

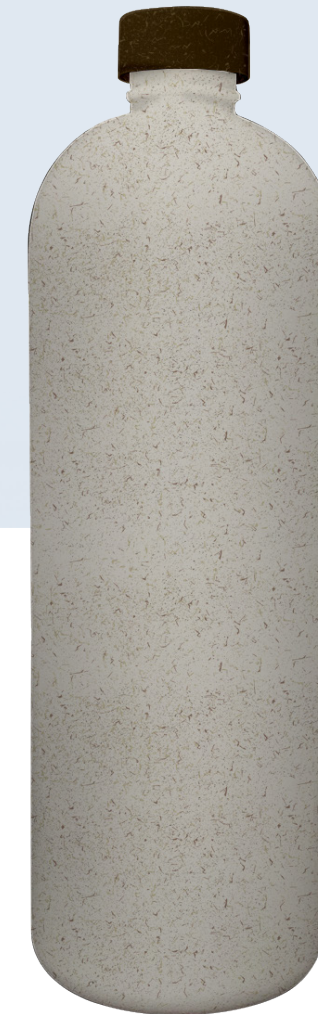

### Drum 5 lt

Drum with a screw cap, graduated and with a sight glass.

Logo printed in 1 ink.

**Measurements:** 6.6" x 5.3" x 11.6".

### Boston bottle 28 oz

Bottle with a screw cap with sensitive anti-spill liner seal.

Art printed at 340° in 1 ink.

**Measurements:** 2.4" diam x 7.6".

### Italian bottle 4.2 oz

Italian model bottle with screw cap and smooth body.

Logo printed in 1 ink.

**Measurements:** 1.8" diam x 4.1".

Line products:

## Envases

### Double bottom Jar 2oz

Double bottom jar with 2oz capacity.  
Screw cap.

Logo printed in 1 ink on cover.

**Measurements:** 2.8" diam x 1.7".

### Container - 2oz

Jar with snap lid with 2oz capacity.  
The lid is made of clarified PP.

Logo printed in 1 ink on the body of the base.

**Measurements:** 2" diam x 1.6".

# Ecoware Advantages

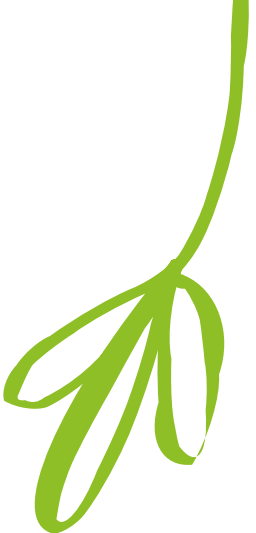

- ☆ We replace traditional plastics with agave fiber.
- ☆ **We develop the ecofriendly** product that your brand needs.
- ☆ We give the planet a break by taking care of the environment.
- ☆ Reduce your company's carbon footprint and reduce CO2 emissions into the environment.
- ☆ We reduce the consumption of petroleum products.
- ☆ Everything with **Ecoware** ! From development, processing and final delivery of the product.
- ☆ Access environmental certifications by using eco-friendly packaging.
- ☆ 100% Mexican product.
- ☆ Get a premium finish on your sustainable products.
- ☆ If you wish, your product can be biodegradable.

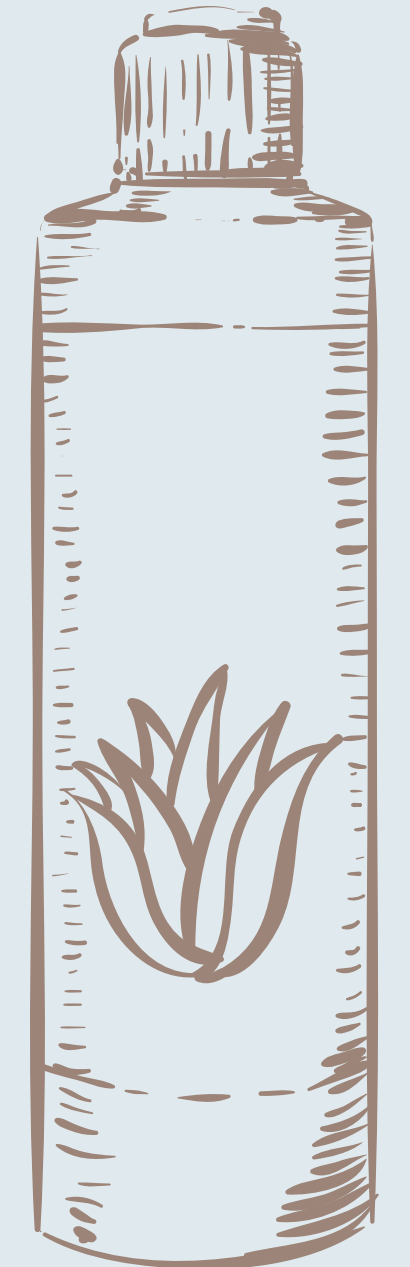

# Idea > final product

We develop your own biobased packaging with premium quality

## From idea to the final product

Sketch ✓

3D model ✓

Product ✓

We take the natural waste resulting from the industrial agave process; for example, and we achieve **eco-friendly** products tailored to your brand. With this, we help transform post-industrial waste into innovative products that positively impact your customers.

# ¡Success stories!

We give life to the cellulose in agave fiber, incorporating it into daily use products to replace traditional plastics.

ecoware®

Jugos del Valle - Shaker

Zwan - Hermetic
